C+P lockers, Evolo PLUS, bench, 1 compartment, 1950x400x815mm, 7035/5010

locker Evolo PLUS, 1 compartment, compartment width 400 mm, body made of sturdy steel structure with high-quality enamel coating for high UV and corrosion resistance, particularly burglar-resistant construction in accordance with level C as per DIN 4547, with rear storage shelves at the top and bottom, inside 1 sturdy changing room rail made of oval profile with 3 twist-proof double sliding hooks incl. system holder, with integrated seats, on 100 mm high base made of plastic for extended corrosion protection, with level adjustment, Door opening limiter 90 degrees, as protection against overstretching the door, Door(s) hinged on the right, Steel door(s) with soft stop and closed side profiles for maximum stability, with easy-to-clean ventilation hole pattern at the top and bottom, mounting in sturdy bolt hinges, 1 Cylinder lock with 2 keys, locking circuit up to 1000 different key numbers, Seat bars made of hardwood beech, profile approx. 60 x 25 mm, rounded edges for good seating comfort, coated with clear varnish with natural color differences, 1 Plastic label holder, black, self-adhesive, incl. transparent plastic cover and white label for individual labeling, Dimensions (H x W x D): 1950 x 400 x 815 mm, Color: RAL 7035 Light grey, Doors: RAL 5010 Gentian blue, Base: RAL 7035 Light grey, Frame: RAL 7021 Black grey

Product advantages:

+ Body with ventilation openings at the top and bottom for optimum air circulation
+ Doors extremely torsion resistant due to closed side profiles
+ Fronts additionally with easy-to-clean ventilation hole pattern for even more effective ventilation
+ Door opening limiter to protect the door from overstretching and from overlapping with the usable space of the neighboring cabinet
+ Increased corrosion protection thanks to zinc-plated spindle base and sturdy base made of plastic
+ Level adjustment for easy compensation of uneven floors
+ Front-mounted seats integrated into the body for more leg room and easy floor cleaning
+ Seat bars made of hardwood beech, planed and varnished on all sides, rounded edges for good seating comfort
+ Particularly burglar-resistant construction in accordance with level C of DIN 4547

Body ventilation: Perforated strip in the wardrobe base/head unit

Seat material: Beech hardwood

Bench seat depth: 310

Substructure: Base

Adjustment travel level adjustment: 25

Depth: 815

Body surface: varnished

Key type: Beard key

Substructure material: Made of plastic

Bench type: cantilevered

changing room rail: fixed

for bolt size: 6-8

Benches Seat height: 450

Door opening angle: 90

Door material: Steel

Profile changing room rails: oval

Front fitting: inside

Labeling material: Made of plastic

Closing circuit: up to 1000

Total internal height: 1787

Mounting front: bolt hinge

Attachment Labeling: self-adhesive

Number of keys: 2

delivery condition: Partially assembled

„German Quality"
from the market leader

The color concept

With our new color concept, we are not only presenting current and attractive colors for every environment, but have also greatly simplified the color surcharge system. You won't need it very often anyway, because we now offer 144 colors and color combinations at no extra charge.

Locking systems

One for everything? That was once the case. Today's locking system solutions from C+P are as diverse as the applications for which they are designed. We would be happy to advise you on the options available for your specific project.

Accessories

Want to get the most out of your locker or steel cabinet for your practice? C + P offers a wide range of additional equipment.

Trust is good, but ...

control is better. At least when it comes to quality assurance. That is precisely why both our manufacturing processes and the C+P products themselves are subject to extremely demanding quality management, which is essentially based on two column bases: our in-house test laboratory on the one hand and, of course, regular external inspections and controls on the other.
