

C+P Smartlocker Terminal 1

SmartLocker Prefino, indoor version: sturdy steel construction in a galvanised finish with a high-quality baked-on coating. Thanks to their modular design, the lockers can be expanded at any time.

Compartment design: swing-out fronts made from 13mm HPL material, mounted on robust torsion bar hinges and stainless steel pilasters, with a centre-hinged opening.

Electronic lock: concealed and tamper-proof installation. Locks available either with a Pop2Open mechanism *(the door opens once the user has selected the locker) or a Push2Open mechanism *(the user opens the door by tapping it). 150 mm high sloping installation roof to house the electronic components; secured by a mechanical security lock with a concealed emergency opening mechanism

Base unit: 100 mm high (painted) with levelling feet.

The unit comprises:

Dimensions: H 2100 x W 400 x D 600 mm

Features: incl. 8' touchscreen

Number and size of compartments: 6 x compartment size 'S' (222) and 1 x display

Body colour: RAL 7016 Anthracite Grey

Front colour: HPL / VK070 Carbon Grey

Other colours and finishes available on request!

€6,380.00*
