C+P lockers, Classic PLUS, 2 cases, 1850x300x500mm, 7035/3003

z Locker Classic PLUS, for 2 persons, 1 compartment divided in a z-shape, compartment width 300 mm, body made of sturdy steel structure with high-quality enamel coating for high UV and corrosion resistance, with rear louvers at the top and bottom, inside convenient hanging room for long items of clothing despite limited space, 1 sturdy changing room rail made of oval profile with 3 double sliding hooks incl. system holder for each case, With floor gliders for practical cabinet and floor protection, Door openings 110 degrees, 2 Set of doors, consisting of right and left-hand Basic PLUS doors with soft stop and closed side profiles for high stability, with ventilation gills at the top and bottom and punched label holder, door mounted on bolt hinges, 2 Ergonomic safety turning bolt for padlocks with bolt size 6 to 8 mm, incl. door protection, Dimensions (H x W x D): 1850 x 300 x 500 mm, Color: RAL 7035 light gray, Doors: RAL 3003 ruby red

Product advantages:

+ Z-shaped layout for hanging long items of clothing with reduced space requirements in the room
+ Body with ventilation openings at the top and bottom for optimum air circulation
+ Closed door side profiles for high torsion resistance
+ Fronts with additional ventilation gills for even more effective ventilation
+ Increased corrosion protection thanks to zinc-plated locker base and aluminum floor gliders
+ Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
+ Break-open protected construction according to level B in accordance with DIN 4547

„German Quality"
from the market leader

The color concept

With our new color concept, we are not only presenting current and attractive colors for every environment, but have also greatly simplified the color surcharge system. You won't need it very often anyway, because we now offer 144 colors and color combinations at no extra charge.

Locking systems

One for everything? That was once the case. Today's locking system solutions from C+P are as diverse as the applications for which they are designed. We would be happy to advise you on the options available for your specific project.

Accessories

Want to get the most out of your locker or steel cabinet for your practice? C + P offers a wide range of additional equipment.

Trust is good, but ...

control is better. At least when it comes to quality assurance. That is precisely why both our manufacturing processes and the C+P products themselves are subject to extremely demanding quality management, which is essentially based on two column bases: our in-house test laboratory on the one hand and, of course, regular external inspections and controls on the other.
