

C+P storage lockers, 2 compartments, Classic PLUS, 1950x600x500mm, 7035/7016

storage solutions Classic PLUS, Body made of sturdy steel structure with high-quality enamel coating for high UV and corrosion resistance, with rear louvers at the top and bottom, shortened center partition on the inside, 4 shelves on the left, 1 storage shelf on the right, 1 sturdy changing room rail made of oval profile with 3 twist-proof double sliding hooks including system holder underneath, doors closing in the middle for common lock, on a 100 mm high base, Steel doors with soft stop and closed side profiles for high stability, with ventilation gills at the top and bottom and punched label holder, door mounted on bolt hinges, Door openings 110 degrees, 1 Ergonomic safety turning bolt for padlocks with bolt size 6 to 8 mm, incl. door protection, Dimensions (H x W x D): 1950 x 600 x 500 mm, Color: RAL 7035 light gray, Doors: RAL 7016 anthracite gray, Base: RAL 7035 light gray

Product advantages:

- + Body with ventilation openings at the top and bottom for optimum air circulation
- + Doors hinged together for a common lock
- + Closed door side profiles for high torsion resistance
- + Fronts with additional ventilation gills for even more effective ventilation
- + Increased corrosion protection thanks to zinc-plated spindle base and sturdy base made of plastic
- + Plenty of space at the bottom of the cabinet thanks to the shortened partition, for convenient storage of cleaning buckets, for example
- + Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
- + Break-open protected construction according to level B in accordance with DIN 4547

The color concept

With our new color concept, we are not only presenting current and attractive colors for every environment, but have also greatly simplified the color surcharge system. You won't need it very often anyway, because we now offer 144 colors and color combinations at no extra charge.

Locking systems

One for everything? That was once the case. Today's locking system solutions from C+P are as diverse as the applications for which they are designed. We would be happy to advise you on the options available for your specific project.

Accessories

Want to get the most out of your locker or steel cabinet for your practice? C + P offers a wide range of additional equipment.

Trust is good, but ...

control is better. At least when it comes to quality assurance. That is precisely why both our manufacturing processes and the C+P products themselves are subject to extremely demanding quality management, which is essentially based on two column bases: our in-house test laboratory on the one hand and, of course, regular external inspections and controls on the other.

Many of our products are GS-tested by TÜV Thüringen. We will be happy to send you copies of the relevant certificates on request.
